
RA-4 START-UP KITS

RA-4 START-UP KIT CD REF 12560

Colour Developer · Farbwentwickler · Révélateur chromogène · Wywoływacz barwny

2 x 260 ml Part A } to make · für · pour · na 2 x 4,5 L
2 x 260 ml Part B }

RA-4 START-UP KIT BX REF 12561

Bleach Fix · Bleichfixierbad · Blanchiment-fixage · Wybielacz utrwalający

2 x 750 ml Part A } to make · für · pour · na 2 x 4,5 L
2 x 750 ml Part B }

RA-4 START-UP KITS for **Colour Developer (CD)** and **Bleach Fix (BX)** enable the preparation of working solution in a particularly simple and safe way—directly in the working tank.

RA-4 START-UP KITS für **Farbwentwickler (CD)** und **Bleichfixierbad (BX)** ermöglichen den Ansatz von Arbeitslösung auf besonders einfache und sichere Weise— direkt im Arbeitstank.

START-UP KITS RA-4 pour le **Révélateur Chromogène (CD)** et le **Blanchiment-Fixage (BX)** permettent de préparer de solution de travail de manière particulièrement simple et sûre — directement dans la cuve de travail.

RA-4 START-UP KITS do **wywoływacza barwnego (CD)** i **wybielacza utrwalającego (BX)** pozwalają w szczególności prosty i bezpieczny sposób przygotować roztwory robocze— bezpośrednio w zbiorniku roboczym.

APPLICATION · ANWENDUNG · APPLICATION · APLIKACJA

Determine the number of kits required according to the table, start with warm water, add Part A and Part B, top up with water to the overflow. Certain minilabs require the filling of additional volumes of Part A and Part B.

Die Anzahl benötigter Kits gemäß Tabelle ermitteln, warmes Wasser vorgeben, nacheinander Part A und Part B zugeben, mit Wasser bis zum Überlauf auffüllen. Hinweis: Für bestimmte Minilabs sind zusätzliche Teilmengen von Part A und Part B erforderlich.

Déterminer le nombre de kits nécessaires selon le tableau, mettre un peu d'eau dans la cuve, ajouter l'un après l'autre la Part A et la Part B, compléter avec de l'eau jusqu'au trop-plein. Remarque: Certain minilabs nécessitent des volumes additional de Partie A et Partie B.

Określ liczbę potrzebnych zestawów zgodnie z tabelą, zacznij od ciepłej wody, dodaj kolejno część A i część B, uzupełnij wodą aż do wypełnienia tanku. Uwaga: Niektóre minilaby wymagają użycia dodatkowych ilości części A i B.

Note for the table · Hinweis zur Tabelle · Note pour le tableau · Uwaga do tabeli

Tank = Working solution = Arbeitslösung = Solution de travail = Roztwor robocze.

Water = Wasser = Eau = Woda
